Subject: Application for a Suitable Position

Dear Hiring Manager,

I hope you are doing well.

I am writing to express my interest in opportunities within your organization. I have recently completed my **B.Tech in Artificial Intelligence and Machine Learning** from Anurag University and am eager to begin my professional career in software development and AI.

During my academic journey and internships, I worked on several hands-on projects that helped me strengthen my technical and problem-solving skills. My recent major project, **Deep Learning Based Sleep Disorder Detection Using EEG Signal Analysis**, involved developing a deep learning model using **CNN-BiLSTM** architecture for automated sleep disorder classification. I also worked on Real-Time Student Attentiveness Estimation Using Skeleton-Based Video Analytics, where I used **YOLOv8**, **OpenCV**, and machine learning techniques to analyze student engagement in real time.

In addition, I developed **MoodMate**, an **AI-powered emotion recognition and music recommendation system** using **Python**, **Streamlit**, **DeepFace**, and the **Spotify API**. Working on this project gave me valuable experience in integrating AI models, designing user-friendly applications, and working with APIs. I have also built projects including an **AI-powered Customer Support Platform**, a **Quiz Web Application**, and a **YouTube Video Downloader**, which enhanced my understanding of both frontend and backend development.

Along with my projects, my internship experiences helped me gain practical exposure to software development, cloud technologies, and machine learning while improving my ability to learn quickly and work on real-world problems. I am passionate about building innovative solutions, continuously learning new technologies, and contributing effectively as part of a team.

I would be grateful for the opportunity to discuss how my skills and enthusiasm can contribute to your organization. Thank you for taking the time to review my application. I look forward to hearing from you.

Warm regards,

P. N. V. S. Rajeswari
